REQUEST FOR SECOND CORRECTED OFFICIAL FILING RECEIPT

Assistant Commissioner of Patents  
Washington, D.C. 20231

Sir:

It is respectfully requested that a corrected filing receipt be issued in connection with the above-identified application to properly list three inventors rather than the four inventors currently shown. Specifically, the inventors in the reissue application papers are Tetsu Takahashi; Satoshi Kono; Shizuaki Hidaka. Please delete the fourth name of "Tetsuo Takahashi, Kanagawa, Japan". It is believed that a corrected filing receipt is warranted to maintain an accurate record in the Office file of the above-identified reissue application. The original filing receipt is attached.

It is believed that a corrected filing receipt is necessitated because of an error by the Office. However, should any fee be involved, please charge Deposit Account No. 23-0978.

Respectfully submitted,

Dated: September 18, 1996

TITLE

CRANKSHAFT ASSEMBLY FOR INTERNAL COMBUSTION ENGINE

PRELIMINARY CLASS: 074

**LICENSE FOR FOREIGN FILING UNDER**  
**Title 35, United States Code, Section 184**  
**Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "FOREIGN FILING LICENSE GRANTED" followed by a date appears on the reverse side of this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.11. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related application(s) filed under 37 CFR 1.62 which meets the provisions of 37 CFR 5.15(a). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations, especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR Parts 121-128) ); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j) ); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500 + ) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "FOREIGN FILING LICENSE GRANTED" DOES NOT appear on the reverse side of this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
